

# SHARP SHOOTER HQ

INCREASE YOUR ACCURACY IN TARGET AND HUNTING

YOU WILL SHOOT TIGHTER GROUPS

## BEAR TRAP ARROW REST

*Fingers are spring loaded and independently move forward as arrow is shot; resulting in more fletching clearance. Fingers reduce erratic arrow flexing; resulting in better accuracy.*

- \* Easily adjusts to different arrow sizes
- \* Holds arrow secure until arrow is shot
- \* Fingers are quiet, durable, and temperature resistant
- \* Easy to place arrow in rest
- \* Made in right and left hand
- \* Frame is made of highest quality anodized aluminum
- \* Easily adjusts up or down , right or left

## QUICK DROP ARROW REST

*The flexible arrow launcher reduces the flexing of the arrow as it is shot; then moves out of the way so the arrow fletching can clear the rest, increasing your accuracy*

- \* Unique arrow holder secures arrow until arrow is started to be drawn, then the launcher rotates up, and the arrow is lifted up out of the holder into launcher
- \* Launcher is flexible, quiet, durable and temperature resistant
- \* Made in right and left hand
- \* Easy to place arrow in rest
- \* Easily adjusts up or down, right or left
- \* Frame made of highest quality aluminum

## STEALTH ARROW REST

*Fingers independently move forward as arrow is shot resulting in more fletching clearance. Fingers reduce erratic arrow flexing; resulting in increased accuracy.*

- \* Easily adjusts to different arrow sizes
- \* Holds arrow secure until arrow is shot
- \* Fingers are quiet, durable, and temperature resistant
- \* Easy to place arrow in rest
- \* Made in right and left hand
